

Theano LEVEL 11

1. Using the GPU
2. GpuArray Backend
3. Testing Theano with GPU
4. Returning a Handle to Device-Allocated Data
5. What Can be Accelerated on the GPU
6. Tips for Improving Performance on GPU
7. GPU Async Capabilities
8. Changing the Value of Shared Variables
9. Software for Directly Programming a GPU
10. Learning to Program with PyCUDA
