

TEKLRN

C# LEVEL 12

1. Language Integrated Query (LINQ)
2. Query expression overview
3. Introduction to LINQ Queries
4. Three Parts of a Query Operation
5. The Data Source
6. The Query
7. Query Execution
8. Deferred Execution
9. Forcing Immediate Execution
10. LINQ and Generic Types
11. IEnumerable<T> variables in LINQ Queries
12. Letting the Compiler Handle Generic Type Declarations
