

- **CycleGAN**
  - **Input Pipeline**
  - **Import and reuse the Pix2Pix models**
  - **Loss functions**
  - **Checkpoints**
  - **Training**
  - **Generate using test dataset**
- ## **8. Adversarial example using FGSM**
- **What is an adversarial example?**
  - **Fast gradient sign method**
  - **Original image**
  - **Create the adversarial image**
  - **Implementing fast gradient sign method**
