

- **(beta) Quantized Transfer Learning for Computer Vision Tutorial**
- **Part 0. Prerequisites**
- **Installing the Nightly Build**
- **Load Data**
- **Visualize a few images**
- **Support Function for Model Training**
- **Support Function for Visualizing the Model Predictions**
- **Part 1. Training a Custom Classifier based on a Quantized Feature Extractor**
- **Train and evaluate**
- **Part 2. Finetuning the Quantizable Model**
- **Finetuning the model**
