

- **Custom C++ and CUDA Extensions**
- **Motivation and Example**
- **Writing a C++ Extension**
- **Building with setuptools**
- **Writing the C++ Op**
- **Binding to Python**
- **Using Your Extension**
- **JIT Compiling Extensions**
- **Writing a Mixed C++/CUDA extension**
- **Using accessors**
- **Integrating a C++/CUDA Operation with PyTorch**
- **Performance Comparison**
