

- **Metrics**
- **Introduction**
- **Usage**
- **Accuracy metrics**
- **Accuracy class**
- **BinaryAccuracy class**
- **CategoricalAccuracy class**
- **TopK_categoricalAccuracy class**
- **SparseTopK_categoricalAccuracy class**
- **Probabilistic metrics**
- **BinaryCrossentropy class**
- **CategoricalCrossentropy class**
- **SparseCategoricalCrossentropy class**
- **KLDivergence class**
- **Poisson class**
- **Regression metrics**
- **Classification metrics based on True/False positives & negatives**
- **Image segmentation metrics**
- **Hinge metrics for "maximum-margin" classification**
