

Theano LEVEL 14

1. Transposed convolution arithmetic
2. Convolution as a matrix operation
3. Transposed convolution
4. No zero padding, unit strides, transposed
5. Zero padding, unit strides, transposed
6. Special cases
7. Half (same) padding, transposed
8. Full padding, transposed
9. No zero padding, non-unit strides, transposed
10. Zero padding, non-unit strides, transposed
