

TEKLRN

KERAS LEVEL 26

1. Understanding masking & padding
 - Introduction
 - Setup
2. Padding sequence data
3. Masking
4. Mask-generating layers: Embedding and Masking
5. Mask propagation in the Functional API and Sequential API
6. Passing mask tensors directly to layers
7. Supporting masking in your custom layers
8. Opting-in to mask propagation on compatible layers
9. Writing layers that need mask information
