

1. **Text classification with TensorFlow Hub: Movie reviews**
2. **Download the IMDB dataset**
 - **Explore the data**
 - **Build the model**
 - **Loss function and optimizer**
 - **Train the model**
 - **Evaluate the model**
3. **Basic regression: Predict fuel efficiency**
4. **The Auto MPG dataset**
 - **Get the data**
 - **Clean the data**
 - **Split the data into train and test**
 - **Inspect the data**
5. **Split features from labels**
6. **Normalize the data**
7. **Linear regression**
8. **A DNN regression**
