

TEKLRN

C# LEVEL 42

1. Interfaces
2. Interfaces summary
3. Explicit Interface Implementation
4. How to explicitly implement interface members
 - Example
5. Robust Programming
6. How to explicitly implement members of two interfaces
 - Example
7. Delegates
 - Delegates Overview
 - Using Delegates
 - Delegates with Named vs. Anonymous Methods
 - Example
8. How to combine delegates (Multicast Delegates)
 - Example
9. How to declare, instantiate, and use a Delegate
10. Example
