

TEKLRN

KERAS LEVEL 9

1. Dataset preprocessing
 - Introduction
 - Quick Example
2. Image data preprocessing
 - `image_dataset_from_directory` function
 - `load_img` function
 - `img_to_array` function
 - `ImageDataGenerator` class
 - `flow` method
 - `flow_from_dataframe` method
 - `flow_from_directory` method
3. Timeseries data preprocessing
 - `timeseries_dataset_from_array` function
 - `pad_sequences` function
 - `TimeseriesGenerator` class
4. Text data preprocessing
 - `text_dataset_from_directory` function
 - `Tokenizer` class
