- Expression Evaluation (C)

- Side Effects

- C Sequence Points

- C Operators

- Precedence and order of evaluation

- Precedence and associativity of C operators

- Usual Arithmetic Conversions

- Postfix Operators

- One-Dimensional Arrays

- Multidimensional Arrays (C)

- Function Call (C)

- Structure and Union Members

- C Postfix Increment and Decrement Operators

- C Unary Operators

- Prefix Increment and Decrement Operators

- Indirection and Address-of Operators

- Unary Arithmetic Operators

- sizeof Operator (C)

- Cast Operators
