TEKLRN

HADOOP LEVEL 19

1. Downloading and Configuring Sqoop
   - Sqoop and Hadoop Versions
   - Sqoop and HDFS

2. Exporting Data from MySQL into HDFS

3. Sqoops architecture

4. Importing Data into Hive using Sqoop

5. Exporting Data from MySQL into Hive

6. Using Type Mapping

7. Importing Data from a raw Query

8. Sqoop and Hive partitions

9. Getting Data out of Hadoop

   - Writing Data from within the reducer
   - Writing SQL Importer files from the reducer

10. Importing data from Hadoop into MySQL
11. Differencer between Sqoop imports and Exports
    - Insert Versus Updates
    - Sqoop and Hive exports
12. Importing Hive Data in to MySql
13. Considering RDS
